

## INDICE NACIONAL DE PRECIOS AL CONSUMIDOR

(con base en la segunda quincena de julio de 2018=100)

(Publicado en DOF del 23 de septiembre de 2018)

Que el 23 de agosto de 2018 el Instituto Nacional de Estadística y Geografía informó, mediante comunicado de prensa publicado en su página electrónica: [www.inegi.org.mx](http://www.inegi.org.mx), que a partir de la primera quincena de agosto de 2018 utilizaría como periodo base para determinar la variación en los precios de los conceptos de consumo que integran el Índice Nacional de Precios al Consumidor, la segunda quincena de julio de 2018. Como consecuencia de la modificación del periodo base antes citada, el Instituto Nacional de Estadística y Geografía ha decidido informar la equivalencia entre los índices elaborados con base segunda quincena de diciembre de 2010 = 100 y los elaborados con la nueva base segunda quincena de julio de 2018 = 100.

Por lo anterior, el Instituto Nacional de Estadística y Geografía con fundamento en los artículos 20Bis del Código Fiscal de la Federación y 19 y 23 del Reglamento Interior del Instituto Nacional de Estadística y Geografía, ha determinado dar a conocer la serie histórica de los índices mensuales base segunda quincena de diciembre de 2010 = 100, expresados conforme la nueva base segunda quincena de julio de 2018 = 100, a fin de facilitar el cálculo de la inflación. La información histórica del INPC mensual de enero de 1969 a la fecha será expresada con base en la base segunda quincena de julio de 2018 = 100.

A continuación, se incluye una tabla que representa el INPC mensual a partir de enero de 1969 expresado conforme a la nueva base, segunda quincena de julio de 2018 = 100, con el propósito de vincular dichos índices con los que se determinan de conformidad con la publicación que realizó el Instituto Nacional de Estadística y Geografía en el Diario Oficial de la Federación de fecha 25 de julio de 2018, así como para facilitar el cálculo de la inflación.
